2024 Medicare Parts A & B Premiums and Deductibles

Oct 12, 2023 Medicare Part D, Medicare Parts A & B

On October 12, 2023, the Centers for Medicare & Medicaid Services (CMS) released the 2024 premiums, deductibles, and coinsurance amounts for the Medicare Part A and Part B programs, and the 2024 Medicare Part D income-related monthly adjustment amounts.

The Medicare Savings Programs (MSPs) help more than 10 million people with coverage of Medicare premiums and, in most cases, other cost sharing. In their continued efforts to improve access to health care and lower costs for millions of Americans, the Department of Health and Human Services (HHS), through CMS, recently finalized a rule to streamline enrollment in MSPs, making coverage more affordable for an estimated 860,000 people. In addition, the Part D low-income subsidy (LIS) helps pay for the Part D premium and lowers the cost of prescription drugs. Further, the Inflation Reduction Act recently expanded the number of people eligible for full LIS.

Medicare Part B Premium and Deductible

Medicare Part B covers physicians' services, outpatient hospital services, certain home health services, durable medical equipment, and certain other medical and health services not covered by Medicare Part A.

Each year, the Medicare Part B premium, deductible, and coinsurance rates are determined according to provisions of the Social Security Act. The standard monthly premium for Medicare Part B enrollees will be \$174.70 for 2024, an increase of \$9.80 from \$164.90 in 2023. The annual deductible for all Medicare Part B beneficiaries will be \$240 in 2024, an increase of \$14 from the annual deductible of \$226 in 2023.

The increase in the 2024 Part B standard premium and deductible is mainly due to projected increases in health care spending and, to a lesser degree, the remedy for the 340B-acquired drug payment policy for the 2018-2022 period under the Hospital Outpatient Prospective Payment System.

Beginning in 2023, individuals whose full Medicare coverage ended 36 months after a kidney transplant and who do not have certain other types of insurance coverage can elect to continue Part B coverage of immunosuppressive drugs by paying a premium. For 2024, the standard immunosuppressive drug premium is \$103.00.

Medicare Part A covers inpatient hospitals, skilled nursing facilities, hospice, inpatient rehabilitation, and some home health care services. The Medicare Part A inpatient hospital deductible that beneficiaries pay if admitted to the hospital will be \$1,632 in 2024, an increase of \$32 from \$1,600 in 2023. These individuals will pay the income-related monthly adjustment amount in addition to their Part D premium. Part D premiums vary plan and regardless of how a beneficiary pays their Part D premium, the Part D income-related monthly adjustment amounts are deducted from Social Security benefit checks or paid directly to Medicare.
